

# TAKE BACK YOUR TIME FOR TEACHING

It's not the just the sheer quantity of work that makes teachers quit, but the "box-ticking" work which deprives teachers of the creativity and variety for which they joined the profession.

Researchers from  
UCL's Institute of Education

## LET'S CHANGE THINGS

1. Meet with your colleagues and discuss workload.
2. Identify the causes of excessive workload using guidance at [neu.org.uk/workload](http://neu.org.uk/workload) to help you.
3. Discuss with your head teacher ways to reduce workload.
